

KONA Award -2018

**Professor Mojtaba Ghadiri, PhD
(University of Leeds, UK)**

Education

B.S. (Chemical Engineering), University of Tehran (1974)

Dr. Eng. (Chemical Engineering), University of Cambridge (1980)

Career

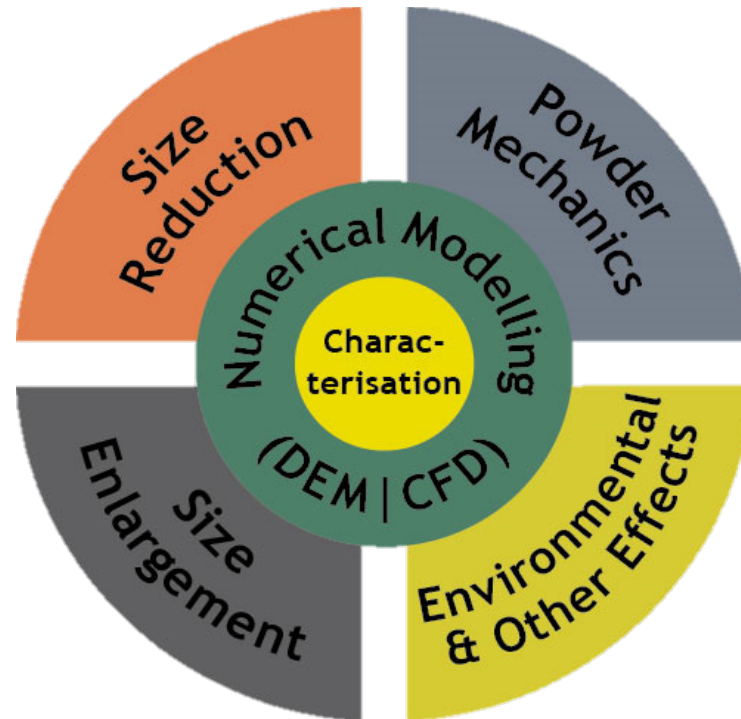

2001 – Present:

- Professor, University of Leeds (Chemical Engineering)
- Fellow, Royal Academy of Engineering, Institution of Chemical Engineers
- Consultant, IFPRI and Enzyme Dust Consort
- Chairman, KONA Powder and Particle Journal (2007-2014)
- Chartered Engineer

KONA Award -2018

Particle Technology

— Linking Bulk Behavior to Single Particle Properties —

Contributions to the particle technology on linking the bulk powder behavior, particle characterization and modelling with hosting the young scholars.
